The Abilene and and Solomon Sunday school excursion to Oak Dale Park last Friday, proved very pleasaut in all particulars, The early morning hours were very unpropltions for a pleasant time -the indications for a rainy day being very strong. But the sun soon stepped forth in extreme brightness, and dried the soil so effectually that no great inconvenience was experienced at the Park on account of the dampness. Nine car loads of people hauled up at the bridge some time before noon, being welcomed by the musle of the Cadet Band. The excursion was accompanied by the Abilene band. It was as merry a pienie the murder is published among our Wednesday (yesterday), and asking party as was ever seen, when they had gathered under the trees. Yesterday we made mention of the fact that the Sunday Schools of this city had gone to Salina ou picnicking and pleasure intent. To judge from the comments of those who attended we should say they had a gloriou time. Two cars were taken on at Solomon, filled with pleasure seekers from that blissful spot, the train containing nine coaches. The party ar rived at Salina about half-past eleven o'clock, and were escorted to Oakdale Park by the Salina Band and a delegation of prominent citizens. Other sports were in lulged in until train time. About seven o'clock the excursionists re-turned to this city, all well pleased with their day's outing.
